

FARUK MIFTARI

FULL STACK DEVELOPER

PERSONAL PROFILE

I'm a recent graduate from Code Academy Berlin with skills in both front-end and back-end development. I specialize in crafting responsive web applications and thrive on solving complex problems with innovative technologies. Eager to contribute to collaborative development team.

EDUCATIONAL HISTORY

Full Stack Developer Program

- Completed intensive training in Full Stack Development, covering Front-End technologies such as HTML, CSS, JavaScript, and React, as well as Back-End technologies including Node.js, Express, and databases like MongoDB.
- Gained hands-on experience in building dynamic, interactive web applications through project-based learning and real-world simulations.
- Acquired knowledge of version control systems such as Git and proficiency in SCRUM/AGILE framework simulating a work environment (daily stand-ups, code reviews, group presentations)
