## PROFILE INFO

Dedicated web developer with a diverse skill set blending technical expertise and creative insight. Experienced in various technologies and languages, I am passionate about leveraging these tools to create innovative solutions. I thrive on challenges that push my skills further, continuously seeking opportunities to expand my knowledge and contribute meaningfully to the ever-evolving field of web development.

## EDUCATION

### Full-Stack Web Development Bootcamp

Code Academy | Berlin, Germany  
Oct 2023 - Apr 2024

- Intensive and full-time onsite web development course for 5 months, with a total of 840 hours of practical project-based work. All projects were carried out using the Agile/SCRUM framework, including code reviews, spikes and presentations.

### Intensive German courses | A2 - B1 - B2

VHS, GFBM GmbH | Berlin, Germany  
Apr 2022 - Jul 2023

### Bachelor - Engineer of Computer Science

State University Of Tetovo | Skopje, North Macedonia

## PROJECTS

### Travel Buddy

Next.js, React, GraphQL, MongoDB, Figma, Typescript, Postman, Tailwind  
Collaborative Project - Apr 2024  
[GitHub Repository](#)

- Developed an innovative travel app designed to match travelers based on their interests and destinations.

### Soccer World

React, TypeScript, Express.js, Node.js, CSS3, Bootstrap, MongoDB, Postman  
Mar 2024  
[GitHub Repository](#)

- I built a web app for creating soccer player cards with stats. Users cannot select their favorite players if the card has already been chosen by another user.

### The Movie World -

Javascript, Typescript, React, Rest API, Postman, Bootstrap, Firebase  
Jan 2024  
[GitHub Repository](#)

- Created a movie information and review platform using Movie API.

### Quotes

HTML5, CSS3, JavaScript, Rest API, Postman, Figma, Bootstrap  
Dec 2023  
[GitHub Repository](#)

- Developed a web app using a quotes API to display quotes from various authors.

## EXPERIENCE

### Math Teacher

High School - Marija Kiri Sklodovska  
Skopje, North Macedonia  
May 2019 - Aug 2021

- Developed lesson plans and taught mathematics to high school students.
- Assisted with extracurricular activities and provided additional tutoring.

### Internship in IT Support

Arena Computers  
Skopje, North Macedonia  
Nov 2017 - Apr 2018

- Performing hardware repairs, including diagnosing and replacing faulty components such as hard drives, RAM, and power supplies.
- Installing and configuring Windows operating systems, installing and configuring various software programs, including office applications, antivirus programs, etc.
